Objective:

Results-driven and detail-oriented software engineer with a passion for creating efficient and scalable solutions. Seeking a challenging position to leverage my skills in full-stack web development and contribute to innovative projects.

Education:

Bachelor of Science in Computer Science
[University Name], [City, State]
[Month Year] - [Month Year]

Skills:

Programming Languages: Python, JavaScript (Node.js, React), HTML, CSS
Database Technologies: SQL, MongoDB
Web Technologies: RESTful APIs, GraphQL
Version Control: Git
Tools: Docker, VS Code
Soft Skills: Problem-solving, Communication, Team Collaboration

Experience:

Software Developer | [Company Name], [City, State] | [Month Year] - Present
- Collaborated with a cross-functional team to design and implement features for a customer management platform using React and Node.js.
- Developed and maintained RESTful APIs to support the frontend functionality, improving system efficiency.
- Implemented automated testing, reducing the number of bugs in the production environment by 20%.

Intern, Software Engineering | [Another Company], [City, State] | [Month Year] - [Month Year]
- Assisted in the design and development of a data visualization tool using D3.js, providing insights into customer behavior.
- Conducted code reviews and provided constructive feedback to team members, contributing to improved code quality.

Projects:

E-commerce Website | [GitHub Repository Link]

- Developed a fully functional e-commerce website using MERN stack (MongoDB, Express.js, React, Node.js).
- Implemented user authentication, product management, and payment processing.

Personal Portfolio | [GitHub Repository Link]
- Designed and developed a personal portfolio website to showcase projects and skills.
- Used HTML, CSS, and JavaScript to create a responsive and visually appealing design.

Certifications:

- Full Stack Web Development Certificate | [Online Course Platform], [Month Year]
- AWS Certified Cloud Practitioner | [Amazon Web Services], [Month Year]

Achievements:

- Recognized as the "Employee of the Month" for outstanding contributions to a critical project.
- Completed a coding bootcamp and received a certificate in Full Stack Web Development.
